Are you interested in quality bulbs at quantity prices? We are still old-fashioned enough to believe in hand-digging, hand-cleaning and grading our bulbs, so there is no mutilation or bruising by machinery.

Our stock is guaranteed true to name and free from disease and thrip. Our warehouses are gased systematically as a precaution to control insects. We guarantee full size and count, hand-graded, and selected. No other guarantee is given.

Field and storage are State-Inspected. Each and every order is inspected by a certified State Inspector before leaving our warehouse—this is your protection. Although our prices are lower this year, our quality standard remains the same, and we stand behind our product 100%.

You will note that planting stock and bulblets are not listed on this list. If interested in smaller sizes, please write for special quotations. Also, we are growing some miniature and small-type glads, such as Dainty Miss, Betty Co-Ed, White Satin, Pink Ribbon, Fairy Fancy, and others. Space does not allow listing on this wholesale list, but if you are interested in growing something a little unusual, please drop us a card for quotations.

Prices are quoted F.O.B. St. Anne, Ill. Cash with order, or 25% deposit, balance C.O.D. A 25% deposit will hold bulbs until shipment is desired, providing it does not exceed May 1st, unless other provisions are made.

A direction sheet showing bulb treatments, giving solutions, etc. and cultural directions, will be included in your order as usual.

As a final note, have you joined the North American Commercial Gladiolus Growers organization yet? This organization is out to help glad. growers in every phase of the industry, and needs YOU. Write for further membership details.
